

# That's Dominican.

Making an Impact in **Education.**

## Earn your Technology Specialist Endorsement at Dominican University

- Earn a Technology Specialist Endorsement in a flexible, online format.
- Effectively manage and integrate technology into learning and information environments.
- Identify resources, plan, and design staff development activities to support professional growth in learning technologies.
- Implement information access and delivery resources in P-12 schools to support the curriculum.
- Install, customize, and configure operating systems of computers and computer networks in school settings.
- Upon completion of the endorsement coursework, candidates will have the option to complete additional coursework to receive a Master of Arts in Education degree.

### Technology Specialist Endorsement

#### Program Overview

In addition to 24 semester hours of coursework, candidates must:

- Pass the Technology Specialist Test (178) to obtain the official endorsement through the Illinois State Board of Education.
- Hold a valid Professional Educator License.

**Time to complete:** approximately 4 semesters

### Technology Specialist Certificate

#### Program Overview

The Dominican Certificate enables educators to enhance teaching and learning and offers a strong professional development opportunity.

12 semester hours of coursework total, including:

- EDU 776/LIS 724 Integrating Technology into Programming, Services, and Instruction (required course).
- An additional 9 semester hours chosen by the candidate.
